

Visit of International Delegate

PROF. TETSUYA KODAMA, TOHOKU UNIVERSITY JAPAN

Prof. Tetsuya Kodama, Director of Biomedical Engineering Cancer Research Center, Graduate School of Biomedical Engineering Tohoku University, Japan visited IISER Bhopal from 11-13th February 2019 in order to promote the university agreement with the Indian Institute of Science Education and Research Bhopal.

During his visit, a primary discussion on inter university exchange agreement/MoU for the student exchange program between IISER Bhopal and Tohoku University Japan was initiated. **Three Students of Department of Biological Sciences and one student of Department of Chemistry may avail the internship in the Graduate School of Biomedical Engineering Tohoku University Japan this year.**

In a presentation addressed to the Department of Biological Sciences, Prof. Kodama discussed the possible internship and research opportunities available at Tohoku University. He also shared his research on cancer and interacted with students and faculty members.
