

CURRICULUM VITAE FOR ANDREAS ARCHENTI

Name: Andreas Archenti

Date and place of birth: 1973-01-01, Skövde, Sweden

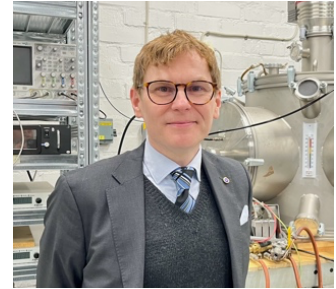

Married, two kids

Place of living: Stockholm, Sweden

e-mail: archenti@kth.se

phone: +46-8-7908353

Organization: KTH Royal Institute of Technology

Short introduction

Professor Andreas Archenti focuses on precision-driven research in machinery and robotics reliability and performance. Since 2018, he has been the Chair Professor in Industrial Dependability at KTH Royal Institute of Technology, specializing in Precision Engineering and Metrology. He leads the manufacturing and metrology systems division at KTH and directs the Center for Design and Management of Manufacturing Systems (DMMS).

Additionally, he is the vice-president of The European Society for Precision Engineering and Nanotechnology (euspen) and chairs the CIRP STC P Precision Engineering and Metrology.
