

Chao-Ching (Burt) Ho holds B.S. and M.S. degrees from National Taiwan University (1995, 1997) and a Ph.D. in electrical engineering from the National Taiwan University of Science and Technology (2008). He served as a naval engineer officer (1997-1999) and worked at 3DFamily Inc. as an R&D manager (1999-2003) and at STMicroelectronics as a senior designer (2006-2009). From 2009 to 2016, he was an Associate Professor at National Yunlin University of Science and Technology, and since 2016, he has been a Professor at National Taipei University of Technology. His research focuses on industrial AI, in-situ monitoring, laser drilling, electrical chemical discharge machining, machine vision, and stereo vision. He has editorial roles in various journals, including the Journal of Technology (JOT), British Journal of Applied Science & Technology, and International Journal of Innovative Technology and Education. He is a member of SME (Society of Manufacturing Engineers, Taipei) and IMEKO TC10.
