

Xiaohua Liu studied at Yanshan University from 2008 to 2015 for her Bachelor and Master degrees. She received her Ph.D. in mechanical engineering from Beijing Institute of Technology in 2019. During her Ph.D. study, she was trained at The Ohio State University from 2016 to 2018. After graduation, she joined Shenzhen University and Shenzhen Technology University as postdoctor and assistant professor. In 2024, she joined The Chinese University of Hong Kong as a research assistant professor. Her research activities have been in the general area of precision engineering with a focus on high precision high volume optical fabrication, freeform and microoptics fabrication, super polishing processes and wearable flexible electronic sensor.
